Re: Inactive Hazardous Waste Generator Status

Dear Generator:

This office has reviewed your request for change of status under the hazardous waste management programs of Missouri and the U.S. E.P.A. The ID numbers for the following location will now be coded as inactive.

Installation Name....PROFESSIONAL SERVICE, INC.

Site Address.....5445 HIGHLAND PARK DR.
ST LOUIS CITY, MO 63110

Missouri Generator
ID Number.....011910

EPA ID Number.....MOD031081615

This change is for generator activity only. It does not affect the liability or status of a company also registered as a transporter or TSD facility. However, DO NOT USE these numbers as a generator without re-notifying this office of your activity.

Should you have any questions, please contact this office at (314) 751-3176.

Sincerely,

HAZARDOUS WASTE PROGRAM

NATURAL RESOURCES

Mr. Ed Sadler
State of Missouri
Department of Natural Resources
Division of Environmental Quality
P.O. Box 176
Jefferson City, MO 65102-0176

Dear Mr. Sadler:

We have received the Notice of Violation from your office dated August 27, 1994. Several years ago, at our previous address, 5445 Highland Park Drive, St. Louis, MO 63110, we fell under the requirements. However, we had not generated waste at that address for at least four years. We also have not occupied that location since August of 1993. We do not now and do not plan to generate waste at our current address. In accordance with your letter, we are asking that our generator ID number be made inactive.

Thank you for your attention. Please contact our office with any questions.

Sincerely,

Professional Services Industries, Inc.
